## Why your gift will make a difference

Ronald McDonald House Charities South Australia is an independent charity that has been helping Australian families with seriously ill or injured children stay together since 1981.

**Our mission is to support the ever-changing needs of seriously ill children and their families.**

When a child is diagnosed with a serious illness, it can have a devastating impact on the whole family who are forced to leave their homes, work, schools and community to travel for their child's treatment.

Ronald McDonald House Charities SA makes a difference to families when they need it most.

**Leaving a Gift in your Will can support seriously ill or injured children and their families long into the future.**

We can't think of a better way for your kindness and compassion to live on than to leave a gift in your Will to Ronald McDonald House Charities SA (RMHC SA).

Your gift will help make sure that generations of families can get the vital support and care that they need to help minimise the impact of their child's illness on their family and their future.

**Family always comes first – Keeping Families Close™**

We believe completely in the importance of family – it's at the heart of everything we do. After those close to you have been taken care of, leaving even a small percentage of whatever is left can contribute to ensure that care and support of the next generation of families who need our help, as well as your loved ones.

We invite you to keep in contact so you can see the benefit of your planned gift – why not come and explore Ronald McDonald House Charities SA and see in person The House that Love Built.

**It's a life-changing gift that will keep on giving.**

## Our Programs

### Houses

Our House is located close to the Women's and Children's Hospital in Adelaide. We provide a homely and inviting place to stay for the whole family while their child is undergoing treatment. Part of what makes our Houses unique is that families are able to benefit from the support of our volunteers and staff, and the companionship of other families who are navigating a similar journey.

### Learning Program

The Ronald McDonald Learning Program assists school-aged children with serious illnesses or injuries to catch up on missed education following treatment and recovery. Providing a suite of educational support services, including one-on-one tutorials with experienced teachers, our RMLP is tailored to students' individual needs. We aim to build each child's confidence and self-esteem in preparation for their return to the classroom.

### Family Retreats

With our Family Retreats in picturesque seaside locations across Australia, this provides a peaceful getaway from the everyday, where families can simply be together in a tranquil setting and enjoy up to a week of free accommodation.
