Help future families and children, leave RMHC a gift in your Will.

In my role, I see so many families whose lives have been turned upside down by their child's illness. Ronald McDonald House Charities helps families by taking the stress and worry out of where to stay during treatment by providing a home away from home. For school-aged children we can help provide education assistance with our Learning Program and our Family Rooms provide a family-friendly space on or near the Wards for families to rest and recharge.

Often it's the little moments that means so much, such as a cup of tea with one of our volunteers after a hard day at the hospital, or being able to connect with another family going through a similar experience, a home-cooked meal or a thoughtfully placed book for their child to read at bedtime. It is these small gestures that become meaningful moments - and I am so proud that in 2018, we were able to make that possible for over 57,000 families.

By leaving a legacy or a gift in your Will to RMHC, you can be an integral part of those everyday, meaningful moments for so many families. You can help thousands of other families for years to come. Thank you for thinking of Ronald McDonald House Charities just like I do - it is a big part of my heart and my family.
